This is your chance to own the no longer needed HMS ARK ROYAL R07

It is in good condition and can be taken anywhere in the world for party's and such events

Some history and finer details

"This is the fifth vessel to bear the proud name. Ark Royal was built by Swan Hunters Ship Builders' yard at Wallsend in December 1978 and launched by Her Majesty Queen Elizabeth the Queen Mother. HMS Ark Royal was accepted into service on 1 July 1985 and finally Commissioned, again by Her Majesty Queen Elizabeth the Queen Mother on 1 November 1985.

HMS Ark Royal is larger than her 2 sisters, Invincible and Illustrious, at 211.4 metres (693 feet) long. She has a maximum beam of 35 metres (114.7 feet) and a displacement of 20,235 tonnes.

4 Olympus gas turbine engines (like Concorde's) propel the ship, which give a maximum speed in excess of 30 knots. A steeper ski jump than in the other ships of this class is fitted at the forward end of the flight deck.

The ship's motto is 'Zeal Does Not Rest'. "

I have set no reserve as we don't care about our defence now and have started the bidding at .99p , Harriers might become available soon so please check back.
