### THE FOGGYDAVE PATENTED PERSON IN DISTRESS CARRIER BAG

Full instructions on the operation of this unique and marvelouse invention will be provided in a plain brown envelope.

Please see the pictures for an explanation of the operation of this sought after apparatus

First picture shows the carrier bag as it would be seen by the general public

Second picture shows the operation of the hidden trapdoor beneath the bag

Third picture shows the hand holding the release mechanism which when let go allow the trapdoor at the base of the bag to open

This innovative invention will revolutionise the girl meets boy and boy meets girl situation bringing the dropped Victorian handkerchief into the 21

Please note this is a genuine Ebay auction and all Ebay rules apply

Thank you for looking and if you are bidding good luck

**YOU COULD BE THE FIRST TO OWN WHAT I AND OTHERS THINK WILL IN YEARS TO COME BE LOOKED UPON AS THE ICONIC INVENTION OF CENTURY.**

**Please read below a brief explanation of how important owning this life changing carrier bag can be to you. YOU WILL NOT BE DISAPPO**

Now this is no ordinary carrier bag, Oh no this is the Foggydave patented person in distress carrier bag. What we have here ladies and gentlemen is the twenty fir version of the Victorian ladies handkerchief.

Let me take you back to a more genteel era where to attract the attention of a dashing young man the lady would delicately drop her handkerchief on the ground that the young beau would pick it up and hand it back. Imagine the scene.

Let us journey back a hundred years or more to a more genteel age

A young lady ready to alight her carriage, sees a young man and to gain his attention inadvertently drops her lace handkerchief. The beau upon seeing this dashes narrowly avoiding being crushed by a passing coach and fours and bending down, careful to show off his young thighs straining inside his tight riding britches he p hanky and with a flourish and a bow hands it to the young lady, who blushing demurely thanks the young man and offers him her hand to help her alight. Thus the avoiding an introduction by a third party are able to meet. This may lead to further meetings culminating perhaps in them holding hands or even a stolen kiss on a during the hunt ball.

Now let us come forward in time to the present day where life is faster, meaner and one no longer needs an introduction to speak to a young lady.

A young lady ready to get out of her smart car spies a young man. How does she attract his attention? She only has a packet of tissues which if she dropped wou away; she may be fined for littering, and anyway a tissue is supposed to be disposable that is its raison d'etre. He may think her a litter lout, a slag and a low life. . reason one throws a tissue away is when it has been filed with mucous.

This is where the 'Foggydave Patented Person in Distress Carrier Bag' comes in useful. Unbeknown to the onlooker this bag is fatally flawed. The bottom of the ba cunningly designed to open when a draw string is released so spilling the contents of the bag over the pavement.

So lets imagine today's dropped handkerchief scenario only in this era it's a carrier bag that is the bait

The young lady gets out of her car and walking in front of the young man releases the draw string and the contents fall through the bottom of the bag. The man o mishap rushes forward to offer assistance to this beautiful young lady in her hour of need. Thus the two people meet. This may lead to further meetings culminat meeting at the local rave and having a snog ..... or two.

I must at this point warn the user to be very careful what is put in the bag. What falls out of the bag will tell the world about YOU. It is no use carrying just a few t copy of Hello magazine and a packet of Park Drive cigarettes. He could think you a slag or a low life. Neither should it be a bag of washing with dirty knickers and t jumper you were sick on last Friday night after a few too many Babychams slammers. NO this should be a special bag containing the YOU things. It contains item statement. This could range from books on quantum physics to a pair of sexy knickers. You tailor the bait to suit the type of fish you want to catch. One of my cus carried bondage equipment in the hope of attracting a like minded gentleman. Another carried 20 tins of cat meat to get a pet lover. For instance In the superma use this bag and load it with man attracting food, like burgers, cans of beer and chocolate, an irresistible combination. You would have to buy these each time you am sure it would be a wise investment.

But Hey why do we talk here only of women? The 'Foggydave Patented Person in Distress Carrier Bag' can also be used by the male of the species.

MEN How many times have you seen a beautiful lady and yearned to speak to her but lacking confidence have retired back into your shell of no confidence and la conversation. Now you have the answer. THE BAG.

Again please be aware what you put in the bag is very very important. Many men have no idea what a women is looking for in her perfect male. Throw away that from the twelve inch penis club or the leather thong and condoms. Women are more attracted by a healthy and thoughtful person with a sense of humour so its with healthy eating ie cook books (Ladies love someone who can cook) For humour possibly Palin over Clarkson as most women hate Clarkson. Richard Hammon though. Oh and some womens lib books to show you are on their side. Soap! Don't forget the soap, women love their men to be clean. (Pictures of baby seals see the caring side of women)

I can only supply you with the tools it is up to you as to how you use them
